Mr. and Mrs. Jerry Murphy Get Two More Letters from Son in France.

Mr. and Mrs. Jerry Murphy have received two more letters from their son, Martin, of the 1st machine gun battalion, Co. D, 26th division, American expeditionary forces abroad, which are as follows:

"Dear mother and father: By the time you get this we will be over in France. I think, for a rest camp. We will be back soon, for we are going right into Germany, right up to the Kaiser's palace. Nothing can stop us once we get started. I haven't seen any of the boys from home yet but expect to before long, for they are over here somewhere. At one of the camps where we stopped over night we found out from the Y. M. C. A. man that Mr. Crewe is in London and was at that camp the day before and asked him if there had been any boys from home there. He wanted to see us."

"Dear father and mother: I wrote a letter yesterday, but as I have not much to do this afternoon I am going to write. This morning I went for a walk to a village about three miles from our camp. It was a very pretty place with old-fashioned houses made of stone and cement. Most all the streets were stone or cement and most of the roads around this part of the country are very good. On our way across we came around and we could see the green fields and two castles. We also got a look at a castle. When we went by I said to myself that some day I was going to visit it. It has been a good day, the best we have had since we arrived. I am going to stop now and write some more."

"This is Sunday and the sun is out its best. Went to mass this morning. It was held outdoors in front of the officers' quarters. There was a large crowd there. There was a good frost last night. The ground was white this morning. We have not done any drilling yet and will not till we get to France, which will not be long. The girls here are right after the fellows, for they think we have a lot of money, but they are mistaken, for most everybody is broke and no telling when we will get paid. No girls for me, for when I come back will make up for the good times I have missed with somebody that I know. The girls cannot compare with the girls at home, but there is one thing, that is, they can work, and most of them do. Conductors on cars, running stores and working on the land."

"We are now in France. It was kind of rough coming across the channel. We are going to move nearer the lines in a week or so, where we shall be able to hear the big guns. It rains quite a lot and is muddy most of the time. Pat."

Better Than Calomel

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums, so do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that felling come from constipation and disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

CONSTIPATION IS A PENALTY OF AGE

Nothing is so essential to health in advancing age as freedom and normal activity of the bowels. It makes one feel younger and fresher, and forestalls colds, piles, fevers, and other dependent ills.

Cathartics and purgatives are violent and drastic in action and should be avoided. A mild, effective laxative, recommended by physicians and thousands who have used it, is far preferable.

This is the combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle; a trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 456 Washington St., Monticello, Illinois.
